RECLAIMED WOOD H3

Reclaimed wood, from originally hacked beams, with a surface full of character and colour variation, sound and black knots, resin pockets and contrasting colour variations are possible, worm holes, shakes, nail holes and mechanical damages are a valued feature. Lamellas are jointfree placed, but not jointless glued.

Surface: originally hacked H3 - holes are mainly filled.

Bottom layer: softwood, no special quality specification.

Characteristics

The above picture shows an example of the natural character of the wood, this will vary from element to element. Variations in colour and grain patterns are natural and inevitable. A picture is never a substitute for the "real thing". For this reason we recommend a visit to your nearest Admonter dealer. He will be pleased to show you samples.

Finish	Thickness mm approx.	Width mm	Length mm	Top layer thickness mm	Packaging Pieces/pack.	Matching trim
raw	19	244	1800 / 2100 / 2250 / 2400*	approx. 8	5	25 x 60 mm
